CARING FOR YOUR BARKER SHOES

Your Barker shoes will give you long and faithful service providing you follow these simple rules.

- Always clean regularly with a brush or damp cloth to remove all traces of dirt before applying a good quality shoe cream or polish of the correct colour. Barker shoe care kits contain all the necessary equipment in neat travel cases.
- Never dry wet shoes near fire, radiators or hot pipes. Good leather deserves good treatment and slow natural drying is always best.
- To keep shoes in perfect shape we recommend the use of shoe trees and a shoe horn.

Suede Shoes

Remove all dirt when dry and brush up the nap using a stiff bristle suede brush. Stains can be removed with a suede solvent cleaner and smooth patches restored with fine sandpaper.

Kid Shoes

Kid shoes or other lightweight leathers should be polished with a good neutral or coloured shoe cream.

Nubuck Leather Shoes

Wipe clean with a cloth dipped in slightly soapy warm water.

Patent and Hi-shine Leather Shoes

Clean with a damp cloth or use a recommended patent leather spray or cream.

Calf Aniline Shoes

To develop a rich and lasting guardsman's finish polish regularly with a quality polish of matching colour, this will maintain the aniline dye finish of the superior calf skins used by Barkers.

A TRADITION OF FINE ENGLISH SHOES

Arthur Barker, known affectionately by all the succeeding members of his family as Great Grandfather Barker, was a man of great resolve and tenacity of purpose. He began by working in a 'shop' (or workshop) situated at the bottom of the garden of a house in North Road, Earls Barton.

1880 - In this year Arthur Barker founded the Company. As a hand sewn man, he personally made footwear, sending a great part of the work out to home workers.

1905 - Arthur and sons moved 'The Firm' to a small factory in Station Road. The eldest son Charles became a leather importer. Ernest and Arthur Jr. worked to fulfill World War I army boot contracts.

1920 - The business developed to produce fine quality footwear. An export trade was established, which grew to such an extent that an astonishing 75% of Barkers' output was exported to South Africa.

1921 - Arthur, the 'Grand old Man' and founder of Barker Shoes, died in this year.

1933 - Several workers from Earls Barton, 'The Pioneers', emigrated to South Africa to establish a new branch. Arthur Jr. ran the business with his son Roy until 1965.

1945 - After World War II, Barker Shoes expanded in Earls Barton. A new factory was built in Station Road for the making of ladies shoes. This enabled the older factory to concentrate on men's footwear.

1948 - The third generation of Barkers, brothers Albert and Charles, joined 'The Firm'. Albert became one of the world's finest shoe designers. Charles steered the business until his early eighties.

1955 - Barker Shoes celebrated its 75th Anniversary.

1956 - The fourth generation joined the business. Following in the footsteps of his predecessors, William (Albert's son), became a respected shoe maker and shoe designer in his own right.

1986 - Barker Shoes tradition continued in Earls Barton in an impressive modern factory, purpose-built in 1986.

Today - Barker Shoes is owned by an international group who are committed to maintaining the brand integrity.

Barker Shoes have become much sought after by discerning customers. Both classic and casual styles are always in demand at prestigious stores around the world where the 'English look' is increasingly popular.

There is little doubt that 'Barker England' has joined that select band of quality products for which Britain is justly famous.

Genuine quality and individuality is increasingly rare these days, but you can be certain that Barker Shoes will always maintain the very highest standards of shoemaking, as they have done for 135 years.
