TIMELESS STYLE, BUILT TO LAST; HANDCRAFTED SHOES FOR ANY OCCASION...

My family has been making traditional English shoes for longer than anyone can remember. In 1880, my great-great-grandfather William opened the first Loake factory with his brothers John and Thomas. Today, five generations and more than 140 years later, our legacy as manufacturers of fine, handmade footwear lives on.

From the design bench to the finishing room, each pair of Loake shoes are carefully crafted with an uncompromising attention-to-detail and infused with the individual flair, personality, and magic of our dedicated makers.

The famous Goodyear Welted construction, for which we are known, is an intricate process with origins that can be traced back over 300 years. Each pair takes up to 8 weeks to produce, and we still believe there is no finer way to craft a gentleman's shoe.

Despite our notable heritage, we like to think that Loake is very much a forward-looking company. From championing high quality materials and constructions that are built-to-last, to offering expert shoe care advice and an in-house repairs service, we firmly believe that if you look after your shoes, they'll look after you. Our sustainable journey has also seen us actively explore new approaches to further improve our footprint and impact on the planet around us.

Our aim is simple: to craft the most timeless, comfortable, and durable shoes for everyday wear and special occasions. Over the past few seasons, we have complemented our classic designs with a range of luxury casuals. So, whatever you're doing, if you want to make a good impression, the smart choice will always be a pair of Loake Shoes.

A handwritten signature in black ink that reads "Andrew Cory". The signature is fluid and cursive, with the first name and last name clearly distinguishable.

2x Small applicator brushes and 2x Large polishing brushes.

LUXURY VALET BOX

Our Shoe Care Range

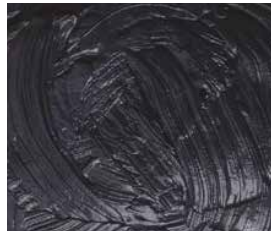

WITH THE CORRECT CARE AND MAINTENANCE, YOUR LOAKE SHOES WILL RETAIN THEIR EXCELLENT APPEARANCE AND COMFORT FOR YEARS TO COME.

As leather is a natural product, regular application of a high-quality shoe cream or wax polish is recommended. This helps moisturise the leather, keeping it supple and preventing drying or cracking.

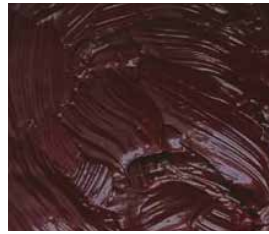

Loake Shoe Cream also provides protection from staining and adds a shine to the uppers. Before polishing, be sure to wipe your shoes with a dry cloth to remove any surface dirt.

Please note:
Our Philip belts are handmade in India and have been developed to match the same burnished colour and characters of our calf leathers. Our William suede belts are also handmade in India using the same suede as all of our suede leather shoes.
Due to the nature of our belt production, you will need to add two inches to your trouser waist size when selecting your belt size.

All of our men's leather belts are measured in inches and are available in 32in, 34in, 36in, 38in, 40in, 42in and 44in.

Our Retail Support Range

LOAKE OFFERS A COMPREHENSIVE RANGE OF MATERIALS FOR RETAILERS TO USE WITHIN THEIR SHOP(S).

From large five-tiered display units to smaller counter-top display items, we would like to offer you're the ability showcase our shoes in the best way. Also available to retailers is our latest marketing campaign imagery and e-commerce imagery, if required.

Some of the above is offered free of charge. Please speak to your local representative or contact Loake directly by emailing press@loake.co.uk for further details.

A4 SHOWCARD DISPLAYS

We offer branded Wooden Blocks with an Acrylic Insert Holder to hold your A4 seasonal images. A selection of A4 posters will be made available each season, featuring new campaign imagery or classic Loake craftsmanship.

CUT-UP SHOES

We can supply cut-up shoes to illustrate the classic Goodyear Welted construction.

DISPLAY BLOCK

Made from sustainable wooden oak, our new tabletop display blocks will enhance any displays you may have.

DISPLAY UNITS

Loake display units come in two sizes:

A two-tiered unit that can accommodate up to three styles or a larger five-tiered unit.

Our five-tiered unit can either be secured to a wall or attached back-to-back to another unit to make a free standing tower display.
