

SPRING / SUMMER 2023

22223

Barker is proud to present our Spring / Summer 2023 collection in a season of hope and promise.

New additions can be discovered in several of the Barker ranges including the BarkerTech, Creative and Professional collections.

A key focus this season is casual and comfort with several new casual styles featuring new Athletic Sneakers (Boston and Hill).

Barker's Creative Collection highlights include new styles Abingdon, Balden, Derby and Derwent. A Creative spin on classic styles

Additional colourways this season in the very successful International collection come in Liffey (Tan and Navy Nubuck) and a new Loafer (Severn).

Explore the Barker Spring / Summer 2023 collection .

Arthur Barker Founder 1880 rthur Barker, known affectionately by all the succeeding members of his family as Great Grandfather Barker, must have been a man of great resolve and tenacity of purpose. He began by working in a 'shop' (or workshop) situated at the bottom of a house garden in North Road, Earls Barton.

In the earlier days, Arthur Barker personally made hand sewn boots or shoes, but in 1880 he founded a company working with several others and sending work out to home workers in their individual 'shops'.

After a time, Arthur moved his business to a small factory in Station Road and in 1905 his three sons joined him in 'The Firm' as it was called. During this time Arthur's eldest son Charles left to become a leather importer. Ernest and Arthur junior worked on with their father during World War I, fulfilling contracts for army boots.

The 1920s saw Barker producing fine quality footwear in considerable quantity including establishing export trade in South Africa which grew rapidly over several years.

In 1921, Arthur the 'Grand old man' died leaving the Barker family business to his sons to continue. In 1933, a new branch was established in South Africa with several workers from Earls Barton, known as 'The Pioneers' emigrated and settled there. Arthur Barker junior managed the South African branch with the help of his son Roy, who subsequently ran it until 1965.

After World War II, Barker Shoes expanded considerably in Earls Barton with a new factory built in Station Road for the making of ladies shoes. This enabled the older factory to concentrate on men's footwear only.

In 1955, the third generation of Barkers joined 'The Firm' which saw Albert became one of the world's finest shoe designers while Charles steered the business until his early eighties. During 1956 the fourth generation joined the business and following in the footsteps of his predecessors, William (Albert's son), became a respected shoe maker and shoe designer until his untimely death in 1996.

An impressive modern factory was purpose-built in 1986 to allow Barker to continue its shoemaking tradition and is where each pair of Barker Goodyear welted shoes are still made today.

HANDCRAFTED COLLECTION

Welcome to Barkers famous Handcrafted collection. These range of shoes epitomizes Barker Shoes quality manufacturing. These classic styles are made from the finest A grade leathers and carefully hand finished. The highlight of this collection is the exceptional lazered script sole which consists of a piece of history from the Barker Archives.

McClean is an Iconic Barker Style. It has become one of Barkers most successful Oxford Brogues. The unique combination of suede and leather makes it

stand out from all other Oxford Brogues on

the market. The way the pattern is cut on this Oxford also makes it

distinctive. The facings are on top of the vamp instead of underneath the vamp which gives the McClean it's iconic look. This modern take on a classic full Brogue Oxford with contrasting suede or lasered paisley design inserts makes McClean a firm favourite among the legions of Barker fans, Grooms and Grooms men. There are many different leather combinations with this style so there is a colourway for every occasion, every mood and every wedding theme.

Barker Of Earls Barton presents the International collection. This is an exceptional collection of shoes made in our partner factory in India with premium leather and quality finishes. The International Collection is designed and engineered in Earls Barton and is made impeccably with the same manufacturing standard and use of the finest European leathers. There are several iconic styles within the collection to suit every occasion. From formal Brogues to plain cap Derbys, to smart casual Chukka boots. Made on one of Barkers best selling lasts, 386F, this new range forms a classic and elegant collection. There's a piece of footwear to suit every style and every need. The sole from the collection is made from a premium Italian leather which is injected with high grade rubber to give it added durability, whilst keeping the neat lines of a full leather sole.

CARING FOR YOUR BARKER SHOES

Remove all dirt when dry and brush up the nap using a stiff bristle suede brush. Stains can be removed with a suede solvent cleaner and smooth patches restored with fine sandpaper.

Kid Shoes

Kid shoes or other lightweight leathers should be polished with a good neutral or coloured shoe cream.

Patent and Hi-Shine

Leather Shoes Clean with a damp cloth or use a recommended patent leather spray or cream.

Calf Aniline Shoes

To develop a rich and lasting guardsman's finish polish regularly with a quality polish of matching colour, this will maintain the aniline dye finish of the superior calf skins used by Barkers. Your Barker Shoes will give you long and faithful service providing you follow these simple rules.

- Always clean regularly with a brush or damp cloth to remove all traces of dirt before applying a good quality shoe cream or polish of the correct colour. Barker shoe care kits contain all the necessary equipment in neat travel cases.
- Never dry wet shoes near fire, radiators or hot pipes. Good leather deserves good treatment and slow natural drying is always best.
- To keep shoes in perfect shape we recommend the use of shoe trees and a shoe horn.

Suede Shoes

REFURBISHMENT SERVICE

A pair of Barker shoes are made for life and you can prolong their lifespan by restoring the soles and uppers through our refurbishment service.

During this process your shoes will be put back onto their original lasts, the heels and soles are removed and the shoes make their way back through the factory to be re-welted, re-soled and re-heeled.

After the refurbishment has been completed the shoes are cleaned, polished and boxed. The service can take an estimated time of 6-8 weeks to complete from receipt (due to Factory Holidays this might be extended up to 10 weeks).

For Refurbishment Queries please email: customercare@barkershoes.com

Please note that we cannot accept shoes back for refurbishment if they have been re-soled by an outside party previously.

Process Details

After placing your refurbishment order, you will receive an email providing you with details on how to post your shoes to us.

We would suggest using a track and trace service using a reputable courier, paying the local charges to get the shoes to us.

Please note we will only post shoes back to the billing address provided on the order.

Our refurbishment department only repair Barker Shoes. Regrettably we cannot repair our Barker Sneakers due to the manufacturing process.

Please don't send us your accessories with your shoes as we cannot be held liable for them. All we need is your beloved Baker Shoes and we will replace all laces and shoeboxes with each repair.
